

PRINT AT HOME

Give someone their evenings back.

You bought a ReelUse gift at reeluse.com/gift and you have a code. This turns that code into something you can actually hand over on a Sunday, put in a card, or leave on a desk.

1

Print page 2 or page 3

Page 2 gives you four small cards on one sheet. Page 3 gives you one larger presentation card. Plain paper works; card stock is nicer.

2

Write the code in the dashed box

Your code looks like REEL-XXXX-XXXX. Write it clearly; the letter O and the number 0 are the usual confusion.

3

Add a line of your own

This is the part that matters. "Thank you for every single Sunday" beats anything we could print for you.

4

Cut along the dashed lines and hand it over

They redeem at reeluse.com with no card needed, and nothing ever renews on them.

Good people to give this to

- ☐ The media volunteer who has not had a free Tuesday in a year.
- ☐ A pastor whose teaching deserves to travel further than the room.
- ☐ A church plant that cannot justify software yet.
- ☐ The friend whose podcast is good and invisible.

What they get

Whichever plan and duration you bought, switched on the moment they redeem. No card on file, no subscription attached, no auto-renewal.

When the gifted months end they drop to the free plan and keep everything they made. Nobody gets a surprise charge.

Do not have a code yet? Buy one at reeluse.com/gift. Three, six or twelve months, on Starter or Growth, one payment. You can also have us email it directly on a date you choose, with your note attached, if handing over paper is not practical.

A GIFT FOR YOU

Your best moments deserve **real use.**

Someone thought your teaching should travel further than the room it was preached in. So they bought you ReelUse.
